The reply filed on 9/30/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The election of the invention of group I is proper. However, the election of a species is not proper. After the listing of the different categories of species, the following statement appears: "One each of these categories must be chosen." This means that one blind system, one take-up system; one brake system; one counterbalance system; and one bottom rail weight must be chosen. In light of Applicant's response, namely the mentioning of claims 19 and 20, these two claims appear to recite two different embodiments: the one having a "release button" and the one having the squeeze brake. Consequently, Applicant must select one of each species category. Certain species of one group may only be compatible with a certain species of another group. For instance, a certain brake may not be compatible with, for example, the blind of Figs. 27 and 28. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

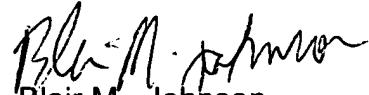

**EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
